

Snacks Sold in Schools

Snack passes for purchasing snacks sold in schools can be bought from the City of Rauma's online store at <https://verkkokauppa.rauma.fi/> and from the Pyyrmanni service point at Valtakatu 2A. A snack pass is valued at 20 € and includes 20 purchases, each worth 1.00 €.

The process for purchasing and redeeming the snack pass from the online store is as follows:

- Go to the online store using the above link, add the pass to the cart, and complete the purchase. Note: Include the student's name as a reference in the invoice.
- After the payment transaction, print the receipt or send it electronically to the student's mobile device.
- The student takes the payment receipt to the snack sales point at their school and receives the snack pass in exchange for the receipt.
- The student's name and the purchase date are written on the snack pass.
- The snack pass serves as the payment method for purchasing snacks, and a tick is marked in the grid according to the price of the purchased snack.
- The validity period of the snack pass is not limited.

The school principal decides on the snack sales at their school.

Best regards
